

Svartbag (*Larus marinus*)

Great Black-backed Gull

Svartbag har jagttid fra 1. september til 31. januar. På fiskeriterritoriet i de sydøstlige egne af landet, samt i de i fig. 1 fremhævede kommuner, starter jagten dog først 1. november. Udbyttet af svartbag har de seneste år ligget på 7.000-7.500 fugle per år.

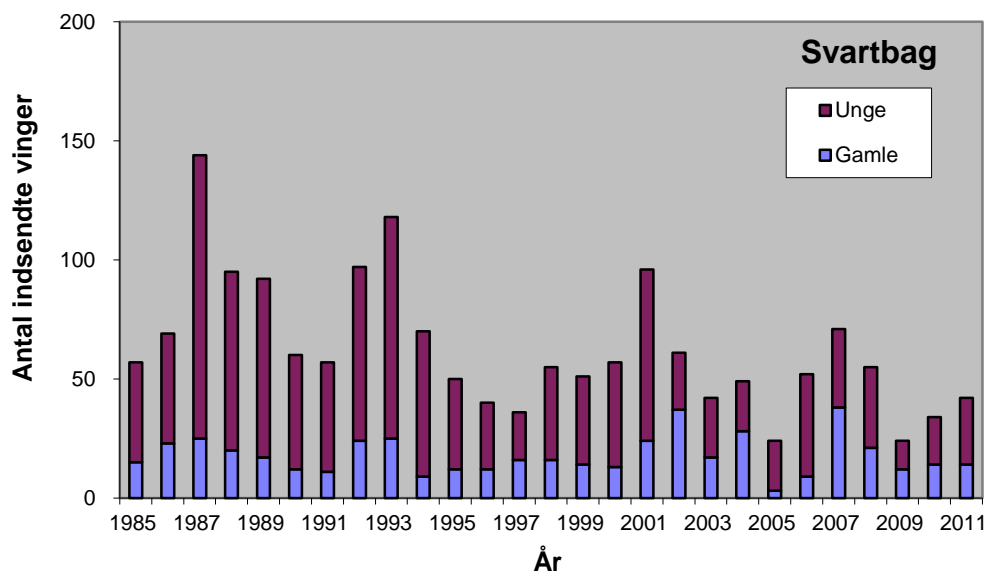

Antal og fordeling – *Number and distribution*

Der blev indsendt 24 vinger af svartbag i 2009, 34 vinger i 2010 og 43 vinger i 2011.

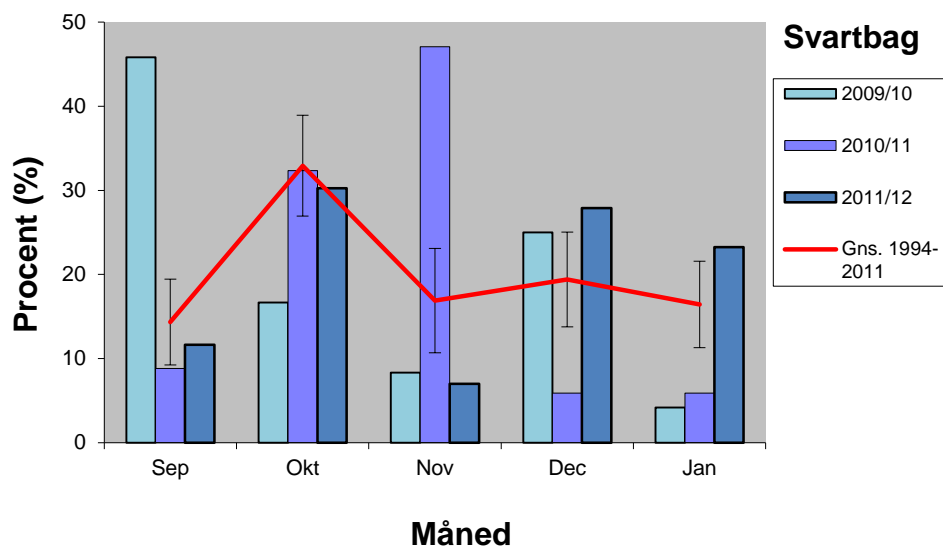

Figur 1. Geografisk fordeling af 101 vinger af svartbag indsendt gennem jagtsæsonerne 2009/10-2011/12.

Geographical distribution of 101 wings from Great Black-backed Gull received during the hunting seasons 2009/10-2011/12. Hunting is prohibited in the offshore area SE of the red line and within the marked municipalities in September and October.

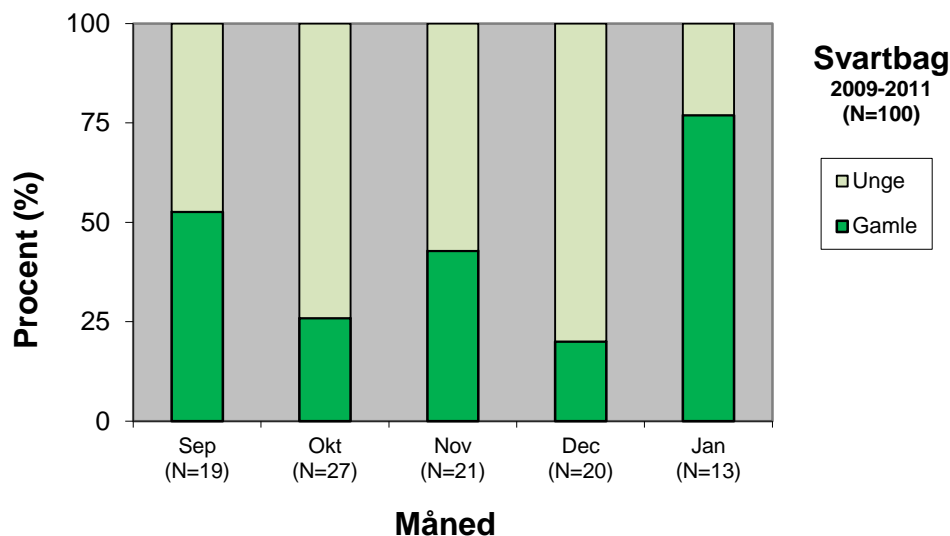

Figur 2. Antallet af indsendte vinger af svartbag fra jagtsæsonerne 1985/86-2011/12. *The number of Great Black-backed Gull wings received from the hunting seasons 1985/86-2011/12 (columns from above: juvenile then adult).*

Tidsmæssig fordeling – Temporal distribution

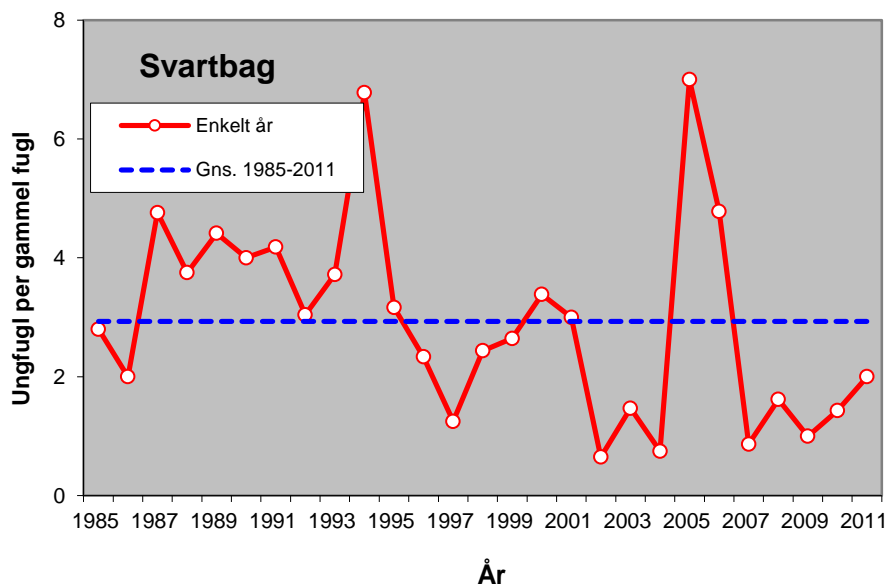

Figur 3. Tidsmæssig fordeling af vinger af svartbag nedlagt i jagtsæsonerne 2009/10-2011/12 og den gennemsnitlige fordeling for perioden 1994/95-2011/12 med 95 % konfidens intervaller.

Temporal distribution of wings from Great Black-backed Gull bagged during the 2009/10-2011/12 hunting seasons and the mean and 95% confidence intervals of the period 1994/95-2011/12.

Alderssammensætning – Age composition

Figur 4. Alderssammensætning af svartbagvinger gennem jagtsæsonerne 2009/10-2011/12. Antallet af vinger er angivet i parentes.

Age composition of Great Black-backed Gull wings during the hunting seasons 2009/10-2011/12. The number of wings is shown in brackets (columns from above: juvenile, adult)

Ynglesucces – Reproductive success

Figur 5. Ynglesucces for svartbag, udtrykt som antal ungfugle per gammel fugl i de indsendte vinger fra jagtsæsonerne 1985/86-2011/12.

Reproductive success of Great Black-backed Gull expressed as the number of juveniles per adult of received wings from the hunting seasons 1985/86-2011/12.
